

**3. For middle schools, again, the present system of scholarships is adopted**

• 13. *Minor Scholarships ... }* We have stated that *Vernacular Scholarships ... }* the examinations for both these scholarships are held together, and that the papers in several subjects are the same for both scholarships. It is the opinion of Mr. Woodrow, and it is believed to be the opinion of many officers of the Educational Department, that vernacular scholarship-holders, as a rule, are better taught in arithmetic, geography, history, and miscellaneous subjects, than are the minor scholarship-holders. It seems to us that the best plan will be to merge the funds for these two sets of scholarships together, and to leave it to the District Committee of each district to decide for each year or for a series of years how many of the scholarships of this class they will allot to students from vernacular schools, and how many to students from middle class English schools. The proportion should depend upon the number of schools of each class in the district, and upon the kind of education which may happen most to warrant encouragement at the particular time.

those who have already received an English education and take the minor scholarships may qualify for the Entrance standard in two years, while for boys coming from purely vernacular schools four years are allowed.

4. For the higher schools the junior college scholarships are given in large numbers. They are tenable for two years, and enable clever youths from the schools established in every part of the country to follow the various courses in literature, science, art, and special civil service subjects, up to the point known as the First Arts Examination, or to a corresponding standard in other subjects.

5. Finally, for the successful students up to this latter point, the senior scholarships provide the means of prosecuting higher studies for two years more, and attaining the highest requirements and degrees.

6. There are and will be some farther scholarships for graduates prosecuting their studies for the highest branches of special professions, but these are not now dealt with.

**7. It is hoped then that by these various stages—**

- (1) Village schools within the means of laboring men;
- (2) Middle class schools, partly fed by village schools;
- (3) Higher schools, partly fed by middle class schools;
- (4) Second class colleges, fed by higher schools;
- (5) First class colleges, fed by second class colleges and by higher schools;
- (6) Scientific professions and higher branches of the civil service, fed by colleges;

the gifted son of a ryot or laborer may become a distinguished engineer, or physician, or agriculturist, or administrator of high degree, or a judge of the highest court.

8. At the same time great care will be taken that the prizes held out to remarkable boys in primary schools are quite exceptional, and that the mass of boys are not led to look beyond their own callings. It is therefore very carefully provided that the subjects of examination in these primary schools shall be wholly confined to the simple subjects which are really sought by the mass of the people. The best arithmetician will probably turn out the best engineer or judge, but till he is selected for advancement he will not go a step beyond his arithmetic.

9. All scholarships are open indifferently to all the schools and colleges of these provinces which comply with certain reasonable conditions; whether they are Government, aided, or private schools, they may all compete on equal terms without favor or preference.

10. The annexed rules are published for general information. It will be seen that in part they have effect in the present year; i.e., so far as regards the future course of study prescribed for the successful candidates; in part they will take effect next year as regards certain new subjects, for teaching which provision is now being made in many schools. In part they will not take effect till 1874, when the students who commence a science course at the ensuing new year, will have reached the stage corresponding to the First Arts Examination, and when supplementary rules for distributing scholarships among the different subjects will be issued.

11. The subject is complicated, much of it is new, and the Government reserves the right to amend the rules on any point in which experience and further information may show amendment to be necessary.

12. As primary schools take root, and it becomes necessary to increase the grants for primary scholarships, it may possibly be necessary to take something from the very liberal grants now made for the higher scholarships; but this may remain for future consideration with reference to the state of the finances when the question arises.

C. BERNARD,

*Offg. Secretary to the Govt. of Bengal.*

1872.

*Primary Scholarship Rules.*

Each district will be allowed at once the number of scholarships per annum shown in the annexed list, to be distributed to the patshalas or primary schools, aided and unaided. The number of these scholarships will be increased when patshalas are well established under the new rules.

2. Boys at any school which receives a patshala grant, or at any other primary school of the lowest class, will be eligible for primary scholarships. Not more than one scholarship may be granted in any year to one school. No boy above the age of fourteen years will be eligible for a primary scholarship.

3. Primary scholarships will be at the rate of Rs. 3 a month, and will be tenable for two years at any middle class English, or at any vernacular school, or at any special or normal school. No scholarship can be withdrawn from its holder for misconduct, or for any other cause, without the sanction of the district committee.

4. Primary scholarships may be granted as the district committee may determine, either on the recommendation of the Inspector, or on the report of the Deputy Inspector after his half-yearly inspection, or on the sub-divisional officer's report after his inspection, or on the results of examination held at sub-divisional centres. No examination fee is to be charged to candidates for primary scholarships.

5. The only subjects which shall count for primary scholarships are—

Reading and writing the vernacular of the district.

Arithmetic, written and mental.

Bazar and zemindaree accounts, and simple mensuration.

*Minor and Vernacular Scholarship Rules.*

A sum of Rs. 60,000 will be available for minor and vernacular scholarships, which will be distributed to the several districts of Bengal in accordance with the schedule hereto appended. This sum is to include any special survey scholarships which may be prescribed by Government. Any scholarships not taken up by students of the district during any year will be awardable by the Circle Inspector to the boys who have done best and

yet have not got scholarships in other districts of the same division. Any scholarships not taken up in the division will be awardable by the Inspector to boys in some other division of the same province. Any scholarships not taken up in the province must be reported to Government through the Director for special re-allotment.

2. The scholarship money allotted to each district by these rules may be apportioned once in every three years by the District Committee—

Either to pay for minor or survey scholarships of Rs. 5 a month, tenable for two years at any higher class English school or school for surveying prescribed by Government;

Or to pay for vernacular scholarships of Rs. 4 a month, tenable for four years at any higher class English school.

The scholarship certificate will be tenable during good conduct, and cannot be withdrawn without the sanction of the Inspector. It will be for the committee to decide what money should be devoted to minor scholarships, and what to vernacular.

They will generally consult the Circle Inspector before taking a decision on the point; and they will consider the condition and the class of existing schools in the district, as well as the kind of education which may be most wanted by the people. They will publish their decision as widely as possible to all Government, aided, and private schools in the district as soon as it is taken.

3. For minor scholarships, middle class English schools alone can compete; and it will be within the discretion of the District Committee to debar from competing any school which may be a branch of any English higher class school.

4. No boy can compete for a minor scholarship after he has passed the age of sixteen, and no boy can compete for a vernacular scholarship after he has passed the age of fifteen years.

5. The successful candidates for each class of scholarships will be arranged in three divisions as follows:—

Those obtaining  $\frac{1}{2}$  marks and upwards, in the first division.

Those obtaining  $\frac{1}{3}$  marks and less than  $\frac{1}{2}$  marks, in the second division.

Those obtaining  $\frac{1}{4}$  marks and less than  $\frac{1}{3}$  marks, in the third division.

Two-thirds of the scholarships of each district will be awarded to the highest candidates from each, provided they are in the 1st or 2nd division, and the remaining third part will be granted by the District Committee to candidates from schools situated in parts of the district where education is backward.

Not more than two scholarships shall be allotted to any school in any one year.

6. The subjects of examination are as follows:—

#### Vernacular Scholarships.

	Maximum marks.
Reading vernacular manuscript and writing ...	100
1. Vernacular grammar and composition 100	
2. History and geography of India ... 50	
3. Measurement and theory of surveying 100	
4. Arithmetic ... 100	
5. Bazar accounts and zamindaree accounts and hand-book on money matters ...	150

#### 1. Science—Physical Geography, Botany, Physical Science, and Natural Philosophy—

	Marks.

Or for one subject ...	100

#### Minor Scholarships.

7. Same papers as for vernacular scholarships, except that for vernacular grammar and composition should be substituted—

	Marks.
English grammar and translation ...	150
" dictation and handwriting ...	150

8. The examinations will be conducted at centres as heretofore, and the text-books will be advertised from year to year. The fees payable by candidates will be Rs. 2 for minor scholarships, and Re 1 for vernacular scholarships. The names of boys who gain scholarships will be notified in the *Government Gazette* as soon as possible after the conclusion of the examinations.

**Note.**—The committee of each district will be at liberty to grant annually each year scholarships up to the number next above what these grants will cover. But broken scholarships which may be vacated by death, non-observance of rules, or for other causes, will lapse, and thus the grant for any year will fully cover the scholarships allotted. Thus Tirhoot has a grant of Rs. 2,100, of which it allots Rs. 1,500 for vernacular scholarships and Rs. 600 for minor scholarships. Rs. 1,500 will nearly pay for eight scholarships of Rs. 4 each, tenable for four years; while Rs. 600 will exactly pay for five scholarships of Rs. 5 each, tenable for two years. In such a case the Tirhoot Committee could grant eight vernacular and five minor scholarships annually. Or if the Nuddea district were to grant Rs. 600 to vernacular scholarships, and Rs. 900 to minor scholarships, it would have four vernacular scholarships and eight minor scholarships to allot annually.

1872.

#### *Junior Scholarship Rules.*

One hundred and sixty junior scholarships are open annually, to be competed for in the University Entrance examination by candidates educated in any school in the Lower Provinces of Bengal.

2. The scholarships are of three grades: ten of the first grade, with stipends of rupees (20) twenty per mensem; fifty of the second grade, with stipends of rupees (15) fifteen per mensem; and a hundred of the third grade, with stipends of rupees (10) ten per mensem.

3. With the sanction of the Director of Public Instruction, a junior scholarship may be held, according to the holder's option, at any one of the affiliated colleges, or at the Civil Service classes, at places prescribed by Government, if the student is admitted to the Civil Service class.

4. Each scholarship is tenable for two years, provided that due progress, under a collegiate course of instruction, is regularly made by the holder, a certificate of the fact being submitted at the end of the first year by the principal of his college.

5. The holder of a junior scholarship in a non-Government institution is liable at any time to be examined by two persons appointed by the Director of Public Instruction, and approved by the principal of the college to which he belongs, and, on proof of unsatisfactory progress, may be deprived of his scholarship.

6. No candidate is eligible who did not study for the last twelve months at least in the school to which he belonged at the time of presenting himself at the Entrance examination.\*

7. The ten scholarships of the first grade will be awarded, for the present, to the candidates who obtain highest total marks in all subjects.

8. All scholarships of the second and third grades are allotted to the several commissionerships thus:—

	Second grade.	Third grade.
Burdwan division	...	12
Town of Calcutta only	...	10
Presidency division	...	10
Rajshahye	...	11
Dacca	...	12
Chittagong	...	8
Patna	...	14
Bhaugulpore	...	8
Orissa	...	6
Chota Nagpore	...	5
Assam	...	4
Cooch Behar	...	1

Commencing with the year 1873, the Commissioner of the division will, in consultation with the Circle Inspector, notify, not later than the 1st May of each year, the number of junior scholarships to be allotted to each district at the ensuing December examination. Scholarships not taken up by the district to which they are allotted, will be awardable to the highest students who had failed to obtain a scholarship in any other district of the division. If the scholarships allotted to a division cannot be taken by its students, the surplus scholarships will be awardable to the highest students in any district of the same province who may have failed to obtain a scholarship. In the present year scholarships will be allotted with a general reference to the above distribution, but a discretion is reserved.

9. Not less than one-half of the scholarship-holders of each Commissioner's division, who follow the University course, must henceforward select the alternative course in science prescribed by the University, and must hold their scholarships at a college where such a course is taught. The highest scholarship-holders of each tract may elect which course they will study; but if they elect for the Arts course, the lower scholarship-holders must take the Science course or vacate their scholarships in favor of candidates next on the list.

10. From the year 1873 not less than one-half of the junior scholarships of each division must be awarded to students who have qualified in drawing, surveying, and physical geography. Thus, if seven scholarships are allotted to the Hooghly district, and the three highest candidates of the district have not qualified in these subjects, then the remaining four scholarships must be awarded to the highest candidates who, having qualified in these subjects, have also passed the Entrance Examination. In the present year a discretion is reserved to award scholarships to any students who, doing well in other subjects, show a knowledge of the special subjects mentioned.

11. From the year 1873 an examination will be held at convenient centres for every month where there is an entrance class, at noon.

\* As regards the working of this rule, it is to be understood that exceptions will be allowed in special cases, when a candidate has removed from one school to another without permission of the Inspector; such permission will only be given in cases of urgent necessity.

not later than the first week in October. The examination papers will be the same for all districts of a circle, and will be set by committees nominated by the Commissioners and the Inspectors of Schools. There will be one paper in physical geography and one in surveying; specimens of the survey work and of the drawings done by each candidate during the year will be sent in with the candidate's papers to the examining committee. The papers and specimens will be marked thus—

	Maximum.
Physical Geography	... 60
Drawing	... 60
Surveying	... 60
Total	... 180

The Commissioner and the Inspector will issue rules regulating the time and the place for the survey examination of the several schools of each division, and will require certificates from the masters of Government, aided, or private schools regarding the specimens of each candidate's survey work and drawing.

12. A fee of one rupee will be payable by each candidate for the survey examination, and such fee will be credited to the funds of the school where such candidate may be studying. The Inspector of Schools will pass from his contingent grant fees to the examiners at the rate of Rs. 20 for each paper set, and Rs. 2 for each candidate whose papers and specimens have to be examined. The papers will be simple, and will be set out of the text-books used in the school, and will contain problems and questions arising out of those text-books.

13. No candidate who cannot read and write with facility and correctness one of the vernacular languages of the Lower Provinces, can obtain or hold a junior scholarship.

14. The holders of scholarships in all Government colleges are required to pay the usual monthly fees which are levied from other students, provided always that no scholarship-holder shall be required to pay a higher fee than rupees (10) ten per mensem.

1872.

#### Senior Scholarship Rules.

1. Senior scholarships are open annually to be competed for in the First Examination in Arts by candidates educated in colleges affiliated to the University of Calcutta.

2. These scholarships are of two grades: ten of the first grade, with stipends of rupees (25) twenty-five per mensem; and 40 of the second grade, with stipends of rupees (20) twenty per mensem.

3. With the sanction of the Director of Public Instruction, a senior scholarship may be held at any one of the "affiliated" colleges which may be

selected by the holder, provided that the course in science or art which he has selected is there taught.

4. Each scholarship is tenable for two years, provided that due progress, under a collegiate course of instruction, is regularly made by the holder, a certificate of the fact being submitted at the end of the first year by the principal of his college.

5. Second year students alone are eligible, i.e., those students who passed the Entrance Examination two years before presenting themselves for the First Examination in Arts.

6. The ten scholarships of the first grade are open to all "affiliated" institutions without distinction, and will be awarded, for the present, to the candidates who obtain highest marks in all subjects. From 1874, a certain proportion will be given to science students and to the best students in special subjects. Students who hold these scholarships may select the course of study which they will follow.

7. The forty scholarships of the second grade are reserved for students at "affiliated" institutions in different tracts of Bengal, thus—

	No. of scholarships.

and will be awarded to the candidates from each tract who get highest marks at the examination, and who do not gain scholarships of the first grade, provided their names appear in the first or second division of the list of passed candidates. Any candidate of Behar, Assam, or Orissa, who falls below the second division, may be specially recommended by his District Committee for any vacant scholarship. Not less than one-half of the scholarship-holders of each tract must, henceforward, elect for the Science course, and must hold their scholarships at a college where such course is taught. The highest scholarship-holders of each tract may elect which course they will study, but if they elect for the Arts course, the lower scholarship-holders must take the Science course, or vacate the scholarships in favor of the candidates next on the list.

8. The holders of senior scholarships in all Government colleges are required to pay the usual monthly fees which are levied from other students.

No. 378.

The 7th October 1872.

*Description of the Military Limits of Dacca Cantonment published for general information.*

Description of Boundary.	Bearings.	Direct distance in feet.
The south-western corner of the permanently-built structure called "No. 1 Officers' Quarters" being taken as a fixed point, the position of pillar No. 1 has been defined by means of the two following bearings and distances, viz.—		
From south-west corner of Officers' Quarters, No. 1, along a pucca drain towards the river	20°	81
From this point to No. 1 pillar	142°	505
From pillar No. 1 the boundary runs north-east along a narrow lane at back of Officers' Stables to where this joins the Shampore Road, which forms the boundary to pillar No. 2 at corner of a pucca native house just beyond east end of new latrine.		
No direct bearing or distance can be taken between pillars Nos. 1 and 2 on account of intervening buildings, but the boundary being here a fixed one, this is not considered important.		
From pillar No. 2 the boundary turns sharp to the west along the enclosure of a piece of land (noted in original description as the holdings of the widow of Peeroo Khullifa and Ramjan Chowkeydar) to pillar No. 3 at south-west corner of the said enclosure	114°	170
From ditto No. 3 the boundary takes a northerly direction along the western enclosure of the piece of land last described to pillar No. 4 at the north-west corner of the same	9°	91
From ditto No. 4 the boundary turns east along north enclosure of the same piece of land to pillar No. 5	90°	184
From ditto No. 5 the boundary again turns northward along enclosure of the same holding to pillar No. 6 at north-west corner thereof	26°	36
From ditto No. 6 the boundary turns sharp to the eastward along the north end of the same enclosure to pillar No. 7, where it again reaches the Shampore Road	106° 30'	45
From ditto No. 7 the boundary turns northward along the Shampore Road defining it as far as pillar No. 8, where it joins the Naraingunge and Dacca Road	4°	204
From ditto No. 8 the boundary runs north-west along Naraingunge and Dacca Road to pillar No. 9	140°	170
From ditto No. 9 the boundary passes in a south-westerly direction along the road leading to the Officers' Quarters and Barracks to pillar No. 10	49°	305
From pillar No. 10 the boundary takes a slightly more westerly course along the Barrack Road to pillar No. 11 on north side of a pucca godown	70° 30'	259
From ditto No. 11 the boundary turns nearly due north to pillar No. 12, which is situated in an angle formed by enclosure walls of gardens belonging to Gunga Churn and Dungoo Chund in an irregular line to pillar No. 13. Bearings not obtainable between these two pillars, but the position of pillar No. 12 has been fixed by the following bearing and distance, viz. from pillar No. 11 to pillar No. 13	3°	108
From ditto No. 13 the boundary runs nearly due north along the enclosure wall of garden belonging to Kala Chund to pillar No. 14	148°	105
From ditto No. 14 to 15 bearings cannot be taken, but the boundary still follows the enclosure wall of private property, and the position of pillar No. 15 is fixed by the following bearing and distance, viz.—	8°	55
From ditto No. 13 to pillar No. 16	176°	180
From ditto No. 13 to pillar No. 17	176°	290
From ditto No. 17 to pillar No. 16 along wall of private gardens which form the boundary	118°	44
From ditto No. 17 the boundary still runs nearly due north along enclosure wall of private gardens to pillar No. 18 on the edge of village road	176°	118
From ditto No. 18 the boundary turns to the westward partially marked by enclosure walls of native houses to pillar No. 19	96° 30'	162
From ditto No. 19 the boundary turns north marked by walls of native houses to pillar No. 20	10°	73
From ditto No. 20 the boundary continues along the same line to pillar No. 21 situated on the low ground on bank of Dholae Khall	10°	129
From ditto No. 21 the banks of Dholae Khall and Booreegunga River mark the boundary round to pillar No. 1 before described	...	...

The bearings above given are to be considered as east of north, or west of south, according to the direction of the line.

#### NOTIFICATION.

*The 3rd October 1872.*—In modification of Notification No. 877, dated 18th May 1858, the Lieutenant-Governor is pleased to notify, under the provisions of Section 42, Act XXII of 1855, as an experimental measure, that the rate at which a port due shall be levied at the port of Dhamrah, subject to the provisions of, and within the limits prescribed by Act II of 1858, shall be two annas for every one hundred or broken portions of hundred maunds of burthen in respect of every sea-going vessel of the burthen of three hundred maunds and upwards which shall enter the said port.

J. WARE EDGAR,  
Offg. Jr. Secy. to the Govt. of Bengal.

The following Order, received from the Government of India in the Financial Department, is published for general information:—

*Extract from the Proceedings of the Government of India in the Financial Department, No. 3116 dated Simla, the 28th September 1872.*

Read again—

Financial Resolution No. 3602, dated the 16th September 1871, confirming an order of the Government of Bombay, sanctioning the reimbursement to officers

and subordinate members of the Revenue Department of that Presidency of all tolls paid by them.

Read again—

Financial Notification No. 3601, dated the 16th September 1871, to the effect that when a public officer is performing a journey for which he draws mileage or travelling allowances, he shall not be permitted to charge the Government for tolls.

Read—

Letter from the Government of Bombay, to the address of the Secretary in the Home Department, No. 2158 dated the 3rd May 1872, forwarding papers relative to an objection taken by the local Accountant-General to a sum of Rs. 3, which was disbursed by the Collector of Nasik in November 1871, in repayment of tolls; and requesting an explanation of the apparent conflict between the two orders Nos. 3600 and 3601 quoted above.

**RESOLUTION.**—The Governor-General in Council directs that it be explained that all past proceedings of the Government of Bombay were approved by the order No. 3600, and that by the order No. 3601, which was a general order, the Governor-General in Council intended to forbid the charge for tolls in future by any officer in the receipt of travelling allowance.

This latter order appears to be less wide in its terms than was intended; and to obviate any inconvenience which might arise from a misapprehension of its scope, the Governor-General in Council is now pleased to rule that no officer who receives travelling allowance, whether by distance or time, shall be permitted to charge the Government for tolls.

**ORDER.**—Ordered, that the foregoing Resolution be communicated to the Home Department and to the Accountant-General, Bombay.

No. 3689.

GOVERNMENT OF INDIA.

FINANCIAL DEPARTMENT.

LEAVE AND ALLOWANCES

*Simla, the 16th October 1872.*

READ—

Endorsement of the Foreign Department, No. 524F, dated the 21st July 1872, forwarding, for consideration, an application from the Government of Bombay for sanction to Sir William Merewether, Commissioner in Sindhi, drawing full pay for the period of his late absence from Sindhi, viz. from the 19th April to the 29th May 1872.

Read also the following papers on the same subject:—

Endorsement to the Home Department, No. 2095, dated the 4th September 1872.

Office memorandum from the Home Department, No. 3760, dated the 23rd September 1872.

**RESOLUTION.**—The application of the Government of Bombay is sanctioned, as Sir William

Merewether's absence from Sindh was caused by his being summoned to Bombay on duty.

2. The Governor-General in Council is at the same time pleased to rule that no officer is entitled to pay or allowances for any time he may spend beyond the limits of his jurisdiction, save with the sanction of the Government which he serves, and that the confirmation of the Government of India is required to such sanction when it involves any increase of expenditure beyond what would have been incurred if the officer had remained within his jurisdiction.

3. No order passed under this Resolution, authorizing an officer to quit his jurisdiction, justifies him in claiming travelling allowance, unless such travelling allowance is specifically sanctioned.

**Order.**—Ordered, that the foregoing Resolution  
\* Original papers to be returned, be communicated to copies being kept, the Foreign\* Department and to the Accountant-General, Bombay.

Also, that it be communicated to the other Departments, the several Local Governments, and the other Officers of Account.

#### NOTIFICATION.

The 21st September 1872.—The following Rules and Regulations of the Port of Calcutta, having received the assent of the Governor-General in Council, are now published for general information, together with a schedule of charges to be levied for services to be performed by the Port Improvement Commissioners, or their servants, or for the use of apparatus provided by the Commissioners.

The position of the time-ball at Fort William is:—

Exact position of time-ball: Latitude,  $22^{\circ} 33' 25''$  N  
Longitude,  $88^{\circ} 19' 16''$  E

At 1 p.m., mean time.

1. By the Government notification of the 1st July 1856, the Port of Calcutta, and the navigable rivers and channels leading to that port, were declared subject to Act No. XXII of 1855.

2. Under the powers contained in Section 95 of Act V of 1870, the Powers of Conservator Lieutenant-Governor vested in Commissioners of Bengal, by the following notification published in the *Calcutta Gazette* of the 5th April 1871, conferred upon the Commissioners who had been appointed under the Act the powers of Conservator of the Port of Calcutta, as laid down in Act XXII of 1855, within the limits of the port, as defined in the notification of the 1st April 1871, which is here republished for information:—

"NOTIFICATION.  
"The 1st April 1871.

"With the sanction of the Governor-General of India in Council, and with the consent of the Commissioners for making Improvements in the Port of Calcutta at a meeting, the Lieutenant-Governor is pleased, under the provisions of Section 95, Act V (B.C.) of 1870, to confer from this date on the said Commissioners the powers of the Conservator of the Port of Calcutta within the following limits:—

"Northern limits, from the boundary pillar at the Cossipore Gun Foundry Ghat, and a point on the opposite side of the river at Goosery.

"The southern limits, from a point called Pachpara point on the west, and a creek called Nardakhali on the east.

"So much of Tolly's Nullah as lies to the west of a line drawn across the nullah between the two boundary pillars 300 yards within Hastings Bridge.

"The limits of the said port include to the east and west so much of the river Hooghly and the shores thereof, and so much of Tolly's Nullah and the shores thereof, as are within fifty yards of high-water mark spring tides.

"Under the provisions of Section 96 of the Act, the Commissioners for making Improvements in the Port of Calcutta are hereby authorized, instead of the Collector of Customs at Calcutta, as heretofore, under Section 45, Act XXII of 1855, to receive the fees payable under the rules passed in accordance with Section 7, Clause 10, Act XXXII of 1855, and under Section 6, Act XXX of 1857, in respect of vessels entering or leaving the said port, or being or lying therein or using the said port. The Commissioners will be liable, in respect of the value of the capital of the port made over to them, to an annual charge for the interest thereof, which is at present fixed at the sum of Rs. 82,125, subject to future modification and adjustment.

"RIVERS THOMPSON,

"Offy. Secretary to the Govt. of Bengal."

15. No vessel shall use any of the moorings, whether fixed or swinging, without permission of the Commissioners.

16. All applications to be hauled into or cast off from the moorings, or for any other assistance, shall be made either personally or by letter to the Deputy Conservator. Applications will, as far as possible, be complied with in order according to date of receipt.

17. All vessels on arrival in the port shall rig in their jib and driver booms, and shall keep them so rigged in until the Pilot takes charge of the vessel at Garden Beach for the purpose of taking her to sea. They shall also strike their yards and masts,

and brace and top up their yards, when ordered by the Commissioners.

18. From the 1st day of May until the 10th day of June, and from the 30th day of September until after the 15th day of November, all vessels in the port shall have their top-gallant masts and yards on the deck, shall send down their top-sail yards, and house their top-masts when ordered to do so by the Commissioners.

Ships about to leave the port may be allowed to send their top-gallant masts and yards aloft twenty-four hours before leaving, provided that they have left their moorings, and dropped down to Garden Reach.

Vessels entering the port between the above dates, having top-gallant masts and yards aloft, may be placed in moorings, and the top-gallant masts and yards of such vessels shall be sent down within twenty-four hours after they are moored.

19. On the occurrence of signs of an approaching cyclone, a black-drum will be hoisted during day-light from the flag-staff on the roof of the Sailors' Home, Bankshall Ghât, and another from the flag-staff at the Government Dockyard, Kidderpore. Additional precautions to be taken on approach of bad weather.

During the night, under similar circumstances, four bright lights in a square will be exhibited from the same flag-staffs. When these signals are displayed, Masters of vessels shall immediately take every additional precaution in their power to make their vessels snug and secure, they shall stow their top-gallant masts on deck below the rails, and shall have awnings furled, and the lower and top sail yards counterbraised or pointed to the wind, if not struck. The cables shall be bent to both bower anchors when possible.

20. A free channel of not less than 200 yards width shall be kept for ships moving up or down the river yards to be kept in the port, and also free passages to piers, jetties, landing places, wharves, quays, docks, and moorings; and all vessels shall move when ordered to clear such channels or passages.

21. Vessels lying in the stream, or at the moorings shall, when required, have at least one anchor at the bow, with a cable bent and ranged ready to let go.

22. Every ship or vessel within the port shall remove any anchor or spar, or other substance projecting from her side, when ordered to do so.

23. All vessels in the stream within the port shall, between sunset and sunrise, have a good light hoisted at the starboard foreyard arm, and vessels permitted to be under way at night shall show the lights prescribed by the Admiralty Regulations.

24. All coasting vessels, cargo boats, blairs, budgerows, up-country boats, cargo and other boats to carry a light. and all passenger boats, shall carry a light in a lantern in the forepart of the vessel where it can be distinctly seen when under way on the river after dark within the limits of the port.

25. Steam vessels occupying moorings shall not turn their screws or paddles without giving sufficient warning of the intention to boats in the vicinity; they

shall not put full power on when trying their engines in the moorings, nor shall any trial under steam be permitted so long as a vessel is lying at the jetties.

26. No person shall smoke or use naked lights of any description in the hold or between decks of any vessel lying in the port.

Closed lanterns secured by lock and key, and in charge of an officer of the vessel, shall alone be taken between decks or into the hold.

Application of foregoing rule to ships in dock.

27. The foregoing rule shall also apply to vessels in dock.

The following explanatory note as to the use of Storm Signals in the port is published for general information, in continuation of Port Rule No. 19:—

### STORM SIGNALS.

This signal means, *evacuate port*: half a look out, send down royal and top-calletan yards, reef main ropes, furl main-mainsail.

Day. Night.

This signal means, *evacuate port*: every out the masts and down in port

A black drum. Four lights in a square.

Rule No. 19.

For the better security of vessels against damage or loss by fire, a steam floating fire-engine has been provided, and is always kept under steam ready to proceed at once to any place where her services may be required. The fire-engine station is at Chandpuri Ghât, where the vessel is moored, and where a look out is kept day and night from the top of the engine-house belonging to the Municipality. In case a fire breaks out on board a vessel, notice should at once be sent to the fire-engine station.

### NOTIFICATION.

*The 3rd October 1872.—In modification of Notification No. 621, dated 30th March 1858, the Lieutenant-Governor is pleased to notify, under the provisions of Section 42, Act XXII of 1855, as an experimental measure, that the rate at which a port due shall be levied at the ports of Chooramuni, Chanonah, Sartha, Lychunpore, and Soobunreka, subject to the provisions of, and within the limits prescribed by Act II of 1858, shall be one auna for every hundred or broken portions of hundred maunds of burthen in respect of every sea-going vessel of the burthen of 300 maunds and upwards which shall enter any of the said ports.*

J. WARR EDGAR,

Offy. Jr. Secy. to the Govt. of Bengal.

**(RESOLUTION.)**  
**GENERAL DEPARTMENT.**

ECCLESIASTICAL.

Calcutta, the 4th October 1872.

**READ—**

The Indian Christian Marriage Act, 1872, (No. XV of 1872).

**ALSO—**

Rules for the submission of ecclesiastical returns to Government and for the disposal of marriage fees.

1. In accordance with the provisions of section 85 of the Act, the Lieutenant-Governor is pleased to determine that the District Judge for the purposes of this Act shall be the District Judge appointed under the provisions of Act VI of 1871 (the Bengal Civil Courts Act, 1871), and his jurisdiction shall extend to the local limits fixed by the local Government under section 18 of Act VI of 1871.

2. Under the provisions of section 83 the Lieutenant-Governor is pleased to direct the observance of the following rules for the disposal of the fees prescribed by section 83, the supply of register books, and the preparation and submission of returns of marriages solemnized under the Act.

*Head I.—Rules relating to Persons who have received Episcopal\* Ordination (but who are not Clergymen of the Church of England nor of the Church of Rome), and to Ministers of Religion who, under Section 8 of the Act, have obtained licenses to solemnize marriages.*

1. For the sake of brevity, the term "minister" will be used for both of these classes of returning officers under this division.

Definition of "minister." 2. A minister is required, by section 84 of the Act, to Minister to send a certificate monthly. detach from his marriage register book every certificate of marriage solemnized by him during any month, and transmit it, *within one month from the time of solemnization* of such marriage, to the Magistrate in a regulation district, to the Deputy Commissioner in a non-regulation district, or to the Assistant Commissioner in any sub-division of the Sonthal Pergunnah, that is to say, to the ex-officio Marriage Registrar or Senior Marriage Registrar of the district. Ministers in Calcutta should forward their certificates to the Senior Marriage Registrar of Calcutta.

3. The form to be used by ministers for this purpose is given in the fourth schedule of the Act.

4. The Magistrate, Deputy Commissioner, or Assistant Commissioner, as the case may Duties of Magistrate, &c. be, is required by the same and two following sections of the Act—

- (a)—To add to each certificate the number of the entry of the copy in the book to be kept by him under section 84;
- (b)—To affix to it his signature or initials; and
- (c)—To transmit all the certificates received during the month to Government, together with the certificates from his own marriage register book, if he should have solemnized any marriages during the month.

5. On the face of every certificate of marriage thus forwarded, the minister must distinctly state if either party to the marriage is a *British subject*, Information to be recorded on face of certificate or the legitimate offspring of such a person or persons; as in this case it is imperative that the certificate should be forwarded to England. If neither party to the marriage be such, that fact also must be stated; and it must be noted in the latter case if either of them desires the certificate to be transmitted to England for delivery to the Registrar-General of Births, Deaths, and Marriages.

6. The following is the definition of the term "British subject" which should be adopted in carrying out the above distinction:—"The term *British subject* means a person who was born in the United Kingdom, or whose father or paternal grandfather was so born."

Native Christians. 7. The certificates furnished by ministers are not to include entries of marriages between Native Christians.

These marriages, under section 87 of the Act, must be registered in a separate register book in the form given in schedule 4 of the Act. When certificates of such marriages are given, they shall also be in the form given in schedule 4. The headings of this register book should be in the language of the district in which the register is kept, with an English translation, but so much of it as has to be filled in by the hand of the person performing the ceremony must be in his own vernacular language. This book, when filled, must be dealt with as directed by this section. Under section 84, true extracts from this register book shall be deposited in the office of the ex-officio Marriage Registrar or Senior Marriage Registrar of the district on the 31st December of each year. For the form of extract see Appendix I.

\* Such as clergymen of the Armenian and Greek churches.

**8. Applications for licenses** should be submitted to Government through the Commissioner within whose jurisdiction the applicant may be residing, or in the case of residence in Calcutta, through the Senior Marriage Registrar of Calcutta. Those officers should also forward an expression of their opinion. In every case the name of the applicant should be given in full.

**9. When any person** desires to resign the office of a minister licensed to solemnize marriages under the Act, or is about to leave the station or district in which he has exercised such functions, it is particularly requested that he will report the circumstance to the Magistrate of the district, Deputy Commissioner, or Assistant Commissioner, as the case may be, and make over to him for safe custody the marriage register books, and all forms and other documents appertaining thereto, unless his (the minister's) successor be duly authorized to solemnize marriages under the Act, in which case the books, forms, and documents referred to should be made over to such successor, and the fact should be reported to the Magistrate, Deputy Commissioner, or Assistant Commissioner, for information. In Calcutta the Senior Marriage Registrar occupies the place of the Magistrate, and the report should be made to him.

**10. A form of report** is given in Appendix No. 2.

**Persons who send certificates to Government.** **11. The persons** who are required to furnish the certificates to Government under this head are—

(a.)—All Magistrates in the regulation districts, Deputy Commissioners in the non-regulation districts, and Assistant Commissioners in the Sonthal Pergunnahs.

(b.)—The Senior Marriage Registrar of Calcutta.

*Head II.—Rules relating to Marriage Registrars appointed under the provisions of Act No. XI of 1872 (the Indian Christian Marriage Act), Section 7.*

**1. A Marriage Registrar** is required, by section 55 of the Act, to submit the certificates of marriage which he has detached from his marriage register book during the month, to Government direct "at the end of every month." *Copies of the certificate should never be sent. The original is required in every case.*

**Form of certificate.** **2. A form of the certificate** is given in the fourth schedule of the Act.

**3. On the face of every certificate** of marriage thus forwarded, the Marriage Registrar must distinctly state if either party to the marriage is a *British subject*, or the legitimate offspring of such a person or persons, as in this case it is imperative that the certificate should be forwarded to England. If neither party to the marriage be such, that fact also must be stated; and it must be noted in the latter case if either of them desires the certificate to be transmitted to England for delivery to the Registrar-General of Births, Deaths, and Marriages.

**4. The following** is the definition of the term "British subject" which should be adopted in carrying out the above distinction:—"The term *British subject* means a person who was born in the United Kingdom, or whose father or paternal grandfather was so born."

**5. Applications** for appointment to the office of Marriage Registrar in any district beyond Calcutta should be sent to the Commissioner of the division in which the applicant resides; applications for appointment in Calcutta should be sent through the Senior Marriage Registrar of Calcutta. The Commissioner, or the Senior Marriage Registrar, as the case may be, should forward the applications to Government with an expression of his opinion.

**6. When any person,** not being an ex-officio Marriage Registrar of the district, desires to resign the office of Marriage Registrar under the Act, or is about to leave the district in which he has been authorized to exercise the functions of a Marriage Registrar, it is particularly requested that he will report the circumstance to the Magistrate of the district, Deputy Commissioner, or Assistant Commissioner, as the case may be, and make over to him for safe custody the marriage register books, and all forms and other documents appertaining thereto, unless his (the Marriage Registrar's) successor be duly authorized to register marriages in the same district under the Act, in which case the marriage register books, forms, and documents referred to, should be made over to such successor, and the fact be reported to the Magistrate, Deputy Commissioner, or Assistant Commissioner, for information. In Calcutta the Senior Marriage Registrar occupies the place of the Magistrate, and the report should be made to him.

**7. A form of report** is given in Appendix No. 2.

**Persons who send certificates to Government.** **8. The persons** who are required to furnish marriage certificates under this head to Government are—

(a.)—All persons specially appointed by Government to be Marriage Registrars under section 7 of the Act.

(b.)—All Magistrates in the regulation districts, Deputy Commissioners in the non-regulation districts, and Assistant Commissioners in the Sonthal Pergunnahs, who have been appointed ex-officio Marriage Registrars under the Act.

(c.)—The Senior Marriage Registrar of Calcutta, who has also been appointed a Marriage Registrar under the Act.

9. The attention of ex-officio Marriage Registrars and Senior Marriage Registrars should also be directed to Rule 4, Head I. The form of register to be kept by them is given in Appendix 3.

10. Ex-officio Marriage Registrars should see that the true extracts from the register book referred to in sections 37, 62, and 64, are duly forwarded Extracts from native register. to them on the 31st December of each year for deposit in their offices.

11. At the close of each year the ex-officio Marriage Registrar of each district will be furnished with two copies of the lists of the various persons authorized to solemnize marriages under the Act and residing in his district. One copy of each list it will be his duty, after inquiry, to return with the necessary information filled in, and the other should be retained in the ex-officio Marriage Registrar's office. These lists will be in the form shown in appendix No. 4.

12. The form of the register to be kept by Marriage Registrars under section 59 of the Registration of marriage of Native Christians. Act for the registration of marriages between Native Christians should be the same as in the 4th schedule of the Act. When certificates of such marriages are given they shall also be in the form given in schedule 4. The headings of the register book should be in the language of the district in which the register is kept, with an English translation; but so much of it as has to be filled in by the hand of the person performing the ceremony must be in his own vernacular language. This book, when filled, is to be dealt with as prescribed in section 37.

*Head III.—The following rule is applicable to Persons who hold at the same time the offices of both Marriage Registrars and Ministers under the Heads I and II.*

1. Only certificates of marriages solemnized by ministers of religion under Part III of the Procedure in submitting certificates. Act are required to be submitted through an ex-officio Marriage Registrar or Senior Marriage Registrar; (i.e., through a Magistrate, Deputy Commissioner, Assistant Commissioner, or the Senior Marriage Registrar, Calcutta.) The certificates under Part V of the Act should be forwarded direct to Government by the Marriage Registrars, whether they are Magistrates or not.

*Head IV.—Rules for the submission of Quarterly Returns of Marriages under Part IV of the Act.*

1. By section 28 of the Act, clergymen of the Church of England should send to the Church of England. Registrar of the Archdeaconry, at the end of every quarter, the returns, in duplicate, of the entries in the register of marriages solemnized at or in any station or district at which such clergymen shall have any spiritual charge. The said Registrar, upon receiving the same, shall transmit one duplicate of the returns relating to marriages performed in the lower provinces of Bengal, to the Secretary to the local Government in the General Department, in the form prescribed in the third schedule of the Act.

2. By section 30, returns of the entries of marriages solemnized by clergymen of the Church of Rome, and registered during any quarter, are required to be forwarded quarterly by the person who registers the same (through the Roman Catholic Bishop of the Diocese or Vicariate in which such marriages shall be solemnized), to the Vicar-Apostolic of Western Bengal, or the Vicar-General of the Portuguese Missions in Bengal, for transmission to the Secretary to the local Government.

3. By section 31, clergymen of the Church of Scotland are required to forward, in the Church of Scotland. form prescribed in the third schedule of the Act, the returns of marriages solemnized by them during any quarter, to the Senior Chaplain of the Church of Scotland, who will forward those relating to the lower provinces of Bengal to Government in the same manner as the Registrar of the Archdeaconry.

4. A form of marriage return is given in the third schedule. It is optional with the Roman Catholic Bishops to adopt this form or any other; but they should invariably state the name of the church in which each marriage was respectively celebrated.

5. The persons who are required to forward the returns of marriages specified in the four preceding rules to Government are—

- (a.)—The Registrar of the Archdeaconry.
- (b.)—The Most Reverend the Archbishop and Vicar-Apostolic of Western Bengal, who has consented to collect and forward them.
- (c.)—The Very Reverend the Vicar-General of the Portuguese Missions in Bengal, who has also consented to collect and forward them.
- (d.)—The Senior Chaplain of the Church of Scotland.

6. Returns of marriages between Native Christians are not required by Government. Registration of Native Christian marriages. These marriages, under section 37 of the Act, must be registered in a separate register book in the form given in the fourth schedule of the Act. When certificates of such marriages are given, they should also be in the form given in schedule 4. The headings of the register book should be in the language of the district in which the register is kept, with an English translation; but so much of it as has to be filled in by the hand of the

person performing the ceremony, must be in his own vernacular language. This book, when filled, must be dealt with as directed by this section. Under section 64, true extracts from this register book shall be deposited on the 31st December of each year as follows:—By clergymen of the Church of England in the office of the Registrar of the Archdeaconry, and by the other clergymen named above in the office of the Senior Marriage Registrar, Calcutta. For the form of extract see Appendix I.

*Head V.—Rules for submission of Quarterly Returns of Baptisms, Marriages, and Burials of European Christians.*

7. In addition to the quarterly marriage returns required under the Act, the Government require the submission, for statistical and other purposes, quarterly returns of baptisms, marriages, and burials of European Christians; i.e., of "all Christians of European birth or descent, or of mixed European and native descent," in the forms specified in Appendices 5a to 5f.

8. The Registrar of the Archdeaconry is not called upon to use the certificate of correctness of the returns, as each clergymen certifies to their correctness at the foot of each return. The Senior Chaplain of the Church of Scotland is also permitted to write the certificate of correctness on the returns.

9. The return relating to marriages only, as well that of baptisms, marriages, and burials, for each quarter, should be kept distinct, and not contain entries which belong to other quarters.

10. These returns are to include no entries in respect of Native Christians.

11. Whenever there may have been no baptisms, marriages, or burials recorded during any quarter, a "certificate of no occurrence" (see Appendix 5f) should be forwarded.

12. As the Government desire to possess a record of all deaths of European and Eurasian Christians buried by the laity, and not only of those buried by the clergy, all magisterial officers are required to report every burial by laymen within their several jurisdictions to the resident chaplain, or to the chaplain or minister who visits the station at which the burial has taken place, in order that it may be included in the returns furnished by him to the Registrar of the Archdeaconry.

13. In cases of burials performed in places not visited by any chaplain, the report should be made to the nearest clergymen.

14. A list of all the stations and out-stations in Bengal, showing by what clergymen the out-stations are visited under the orders of the Lord Bishop of Calcutta, will be found in Appendix 6.

15. For the purpose of registering burials not performed by clergymen of the Church of England, or by laymen according to the forms of the Church of England, the following rule has been adopted:—\* In every register book there should be a separate page or pages, with heading and form distinct from those entries of burials in which, at present, the clergymen or layman officiating himself enters and certifies the record of the service which he has performed. In this part of the book the chaplain shall enter (as a copy) the copy of the certificate transmitted to him by the magisterial officer of the district. In this form there should be added a statement of the place of interment. The chaplain shall copy these entries and return them with the others in his quarterly return, certifying the correctness of the copies which he makes.

16. The reports made by magisterial officers to chaplains should include the names of all European and Eurasian Christians buried by laymen, whether the funeral service be conducted according to the form of the Church of England or not.

Baptisms by laymen.

17. The same rules are applicable to baptisms when performed by laymen.

Returns to be forwarded within one month.

18. All officers who forward the quarterly returns to Government should forward them, if possible, within one month after the close of each quarter.

Officers who are required to submit returns.

19. The officers who are required to submit these quarterly returns of baptisms, marriages, and burials to Government, are—

(1.)—The Registrar of the Archdeaconry, who collects them from (a) chaplains in the service of Government; (b) clergymen (not being covenanted chaplains) ministering under the Bishop's license.

(2.)—The Most Reverend the Vicar-Apostolic of Western Bengal, who collects them from the various Roman Catholic registering officers within his jurisdiction.

(3.)—The Very Reverend the Vicar-General of the Portuguese Missions in Bengal, who collects them in a similar manner.

(4.)—The Senior Chaplain of the Church of Scotland.

(5.)—The divisional Commissioners and the Senior Marriage Registrar, Calcutta. They collect them from (a) Marriage Registrars; (b) any person who has received episcopal ordination, but who is not a clergymen of the Church of England, nor of the Church of Rome, if there be any such; (c) ministers of religion licensed to solemnize marriages under section 6; (d) any other ministers, not included

in any of the before-mentioned classes, who perform such offices. But it is to be distinctly understood that returns of marriages are not to be called for from any dissenting minister who is not legally authorized to solemnize marriages.

*Head VI.—Rules for levying and disposing of fees received under the Act.*

Under the provisions of sections 82 and 83 fees shall be levied and disposed of in the manner prescribed in the following table:—

*Head VII.—Rules regarding Books and Forms used by persons authorized to grant certificates of marriage between Native Christians.*

1. The form of certificate of marriage to be granted under section 61 is given in the fourth schedule of the Act.
2. The register book under section 62 shall be kept in the form given in the fourth schedule of the Act.
3. Under section 62, the true extracts from the register book shall be deposited in the office of the ex-officio Marriage Registrar or Senior Marriage Registrar of each district on the 31st December of each year. A form of extract is given in Appendix 1.
4. For form of indent see Appendix 7d.

*Head VIII.—General rules relating to the foregoing subjects.*

1. All persons not being Government officers required to send in returns of the nature described in the foregoing rules, should forward all their communications connected with the duties of their office to Government, or to Government officers, in accordance with the following rule:—

Communications sent by private persons to Government officials, relating to the affairs of Government and endorsed according to the specimen form given on the margin, under the full signature of the sender (the address including the full official designation of the public office to which the cover is sent), will be charged on delivery at the rate to which they would have been liable if prepaid by stamp. This rule is intended to provide for cases of zemindars reporting the occurrence of crime to a police officer, of employers of laborers sending returns required by the Protector, and of any similar reports or returns authorized to be so sent.

2. The Government will supply registers and forms to Marriage Registrars. It will supply the first full set of registers and forms to licensed ministers and to persons authorized to grant certificates of marriage between Native Christians, but subsequent supplies of registers and forms must be paid for at the Alipore Jail Press out of the fees received.

3. Indents for forms required by the Vicar-Apostolic of Western Bengal, and the Vicar-General of the Portuguese Missions in Bengal, should be submitted by them to the Superintendent of Government Stationery.

4. The Registrar of the Archdeaconry and Senior Chaplain of the Church of Scotland make their own arrangements for obtaining forms.

5. All other indents for register books and forms should be made by or through the Commissioner of the division, or by or through the Senior Marriage Registrar, Calcutta, or the Superintendent of Stationery.

6. Forms of indent, containing lists of the books and forms for which each officer can indent, will be found in Appendix 7a to 7d.

**ORDER.**—Ordered that a copy of this resolution be forwarded to all Commissioners of divisions for their own information and guidance, and for circulation to Senior Marriage Registrars, to Marriage Registrars, and to Ministers licensed or otherwise legally authorized to solemnize marriages within their respective divisions. A list of Marriage Registrars (other than district officers) and of licensed Ministers is herewith forwarded.

The following Notification by the Government of India is republished for general information:—

**GOVERNMENT OF INDIA.**

**MARINE DEPARTMENT.**

*Fort William, the 18th October 1872.*

**NOTIFICATION.**

*Simla, the 9th September 1872.*

No. 10 of 1872.—The following Quarantine Rules, submitted by the Government of Fort St. George, having been approved by the Right Hon'ble the Governor-General of India in Council, are published under the provisions of Section 2, Act I of 1870:—

*Rules relating to quarantine for the ports mentioned in Schedule A hereto annexed.*

The following rules, made by His Excellency the Governor of Madras in Council, with the sanction of the Governor-General in Council, in pursuance of the provisions contained in Act I of 1870, are hereby promulgated for general information:

I.—The master or other person in charge of any vessel about to enter any of the ports mentioned in Schedule A, annexed hereto, in which any case or cases of cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, may have occurred within a period of ten days previous to the date of the arrival of such ship or vessel at any of the ports aforesaid, shall notify this fact by hoisting a signal, which signal shall be in the day time a yellow flag at the fore and in the night time two lighted lanterns, one over the other, at the same mast-head; and such master, or other person as aforesaid, shall not take up anchoring ground within the said port without having obtained the previous sanction of the Master Attendant, or other officer in charge of the port, nor without such leave shall he hold any communication with the shore or with any shipping within the said port.

II.—Whenever the master or other person in charge of any vessel about to enter any of the ports aforesaid is unable to produce a clean bill of health obtained from the proper authority at the port last visited, he shall notify this fact to the Master Attendant or other officer in charge of the port, by hoisting a signal as aforesaid, and thereupon the Master Attendant or other officer in charge of the port may, on the report of the Port Surgeon or other officer appointed by the Government in that behalf, suggesting or warranting the adoption of such a measure, refuse to permit the master or other person as aforesaid to anchor his vessel within the ordinary limits of the said port, and may forbid all communication between the vessel and the shore until a quarantine of observation, not exceeding twenty-four hours from the receipt of the report of the Port Surgeon or other officer appointed by Government in that behalf, shall have been enforced.

III.—It shall be the duty of the Port Surgeon or other officer appointed by Government in that behalf to proceed without delay on board any vessel about to enter any of the ports aforesaid in which any case or cases of cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, shall have occurred within ten days previous to the date of the arrival of such vessel as aforesaid, or whenever the master or other person in charge of any vessel is unable to produce a clean bill of health from the port last visited, and such Surgeon or other officer as aforesaid shall inspect the crew and passengers of every vessel as aforesaid, and make careful inquiry as to the nature of the diseases then existing on board every such vessel, and make a report thereon to the Master Attendant or other officer in charge of the said port.

IV.—Upon the receipt of the report of the Port Surgeon or other officer appointed by Government in that behalf, the Master Attendant or other officer in charge of the port shall determine whether any passengers or merchandise may be landed, or whether the master or other person in charge of such vessel shall be required to proceed to a quarantine anchorage, or to put out to sea, or to anchor beyond the limits of the port in such place as may be appointed for that purpose by the Master Attendant or other officer in charge of the port, or to undergo a quarantine of observation.

V.—Whenever cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, shall be actually prevailing amongst any of the crew or passengers of any vessel as aforesaid, and none of those diseases shall exist at the time in the neighbourhood of the port which the said vessel is about to enter or has entered, it shall be the duty of the Port Surgeon or other officer appointed by Government in that behalf to report this state of the facts to the Master Attendant or other officer in charge of the port. Thereupon the Master Attendant or other officer in charge of the port shall require the master or other person in charge of such vessel as aforesaid to take the said vessel out to sea for a period of ten days, or to anchor at any place to be appointed for that purpose for a period of ten days.

VI.—All persons on board vessels in quarantine are hereby prohibited from communicating with the shore beyond the limits of any place which may be set apart for performing quarantine on shore, or with any vessel in the roadstead or vicinity of the roadstead, unless the permission of an officer duly authorized by the Government of Madras in that behalf shall have been previously obtained, and all persons

are hereby prohibited from going on board any vessel in quarantine, unless the permission of an officer duly authorized by the said Government in that behalf shall have been previously obtained.

**VII.**—It shall be lawful for every officer, duly authorized by the Government of Madras in that behalf, to appoint a sufficient number of subordinates for the purpose of enforcing these rules at the expense of the owners of such vessels, and the master or other person in charge of such vessels shall pay the subordinates so appointed, and defray all expenses incurred in pursuance of this rule. It shall be the duty of the officer in charge of the Custom House to refuse port clearance to such vessels until all such demands be discharged.

**VIII.**—It shall be lawful for every officer, duly appointed as aforesaid, with the sanction of Government, to appoint as many places for performing quarantine on shore as may be required, and to provide accommodation at such places for passengers on board any vessel to which these rules are applicable, at certain fixed fees, to be determined from time to time by the Government, which fees shall be payable by the master or other person in charge of such vessel. No persons shall be permitted to leave the places so appointed within ten days from the date of the last case of the disease for which quarantine was enforced, unless with the previous sanction of the said officer duly authorized as aforesaid.

**IX.**—Disobedience to any of the above Rules Nos. I, II, III, IV, V, VI and VII will subject the offender, and all persons aiding or abetting him to a prosecution under Section 271 of the Indian Penal Code.

## NOTIFICATION.

The 24th September 1872.—The following Rules and Regulations of the Port of Calcutta, having received the assent of the Governor-General in Council, are now published for general information, together with a schedule of charges to be levied for services to be performed by the Port Improvement Commissioners, or their servants, or for the use of apparatus provided by the Commissioners.

The position of the time-ball at Fort William is—

Exact position of time-ball: Latitude,  $22^{\circ} 38' 25''$  N  
Longitude,  $88^{\circ} 19' 16''$  E

~~1. The time ball is dropped daily, Sundays and holidays excepted, at 1 p.m., mean time.~~

1. By the Government notification of the 1st July 1856, the Port of Calcutta, and the navigable rivers and channels leading to that port, were declared subject to Act No. XXII of 1855.

2. Under the powers contained in Section 95 of Act V of 1870, the Lieutenant-Governor of Bengal, by the following notification published in the *Calcutta Gazette* of the 5th April 1871, conferred upon the Commissioners who had been appointed under the Act the powers of Conservator of the Port of Calcutta, as laid down in Act XXII of 1855, within the limits of the port, as defined in the notification of the 1st April 1871, which is here republished for information:—

## “NOTIFICATION.

“The 1st April 1871.

“With the sanction of the Governor-General of India in Council, and with the consent of the Commissioners for making Improvements in the Port of Calcutta at a meeting, the Lieutenant-Governor is pleased, under the provisions of Section 95, Act V (B.C.) of 1870, to confer from this date on the said Commissioners the powers of the Conservator of the Port of Calcutta within the following limits:—

“Northern limits, from the boundary pillar at the Cossipore Gun Foundry Ghât, and a point on the opposite side of the river at Goosery.

“The southern limits, from a point called Pachpara point on the west, and a creek called Nardakhal on the east.

“So much of Tolly’s Nullah as lies to the west of a line drawn across the nullah between the two boundary pillars 300 yards within Hastings Bridge.

“The limits of the said port include to the east and west so much of the river Hooghly and the shores thereof, and so much of Tolly’s Nullah and the shores thereof, as are within fifty yards of high-water mark spring tides.

“Under the provisions of Section 96 of the Act, the Commissioners for making Improvements in the Port of Calcutta are hereby authorized, instead of the Collector of Customs at Calcutta, as heretofore, under Section 46, Act XXII of 1855, to receive the fees payable under the rules passed in accordance with Section 7, Clause 10, Act XXII of 1855, and under Section 8, Act XXX of 1857, in respect of vessels entering or leaving the said port, or being or lying therein or using the said port. The Commissioners will be liable, in

respect of the value of the capital of the port made over to them, to an annual charge for the interest thereof, which is at present fixed at the sum of Rs. 82,125, subject to future modification and adjustment.

“RIVERS THOMSON,  
“Officer Secretary to the Govt. of Bengal.”

## Rules and Regulations of the Port of Calcutta under Section 7, Act XXII of 1855.

1. No vessel of above 200 tons shall enter the port, or move from one place to another within the port, between sunset and morning gun fire without the special permission of the Commissioners, provided that a vessel which has entered the port before sunset may at once proceed to a safe anchorage at any part of the port not higher than Prinsep’s Ghât. No vessel shall be moored or anchored abreast of the Peninsular and Oriental Company’s premises without the permission of the Commissioners.

2. Steam Tugs having no vessels in tow shall be permitted to enter the port after sunset at their own risk, but they shall not proceed above Chandpaul Ghât. The steamer shall be held liable for any damage which she may cause by moving at night.

3. No vessel shall steam, sail, or be towed up or down on the flood or down on the ebb within the port without the special permission of the Commissioners, and in cases where such permission is granted the speed of the vessel shall be limited to two miles an hour through the water.

4. No vessel shall steam, sail, or be towed up on the ebb or down on the flood within the port at a speed greater than two miles an hour over the ground.

5. Vessels may at all times drop up or down the port with their anchors on the ground.

6. Vessels entering the port at neap tides during the freshes are permitted to come up at slack water at a speed not exceeding two miles an hour over the ground.

7. River steamers and tug steamers having no vessels in tow are permitted to move up on the flood or down on the ebb at their own risk and at a speed not exceeding two miles an hour through the water.

8. Special permission may be given by the Commissioners to ferry steamers to move in the port otherwise than is prescribed in these rules, due limitation being laid down as to place and hours of plying and speed in each case.

9. No vessel having more than the authorized quantity of powder or other combustible ammunition on board shall enter the port.

All powder or combustible ammunition in excess of the authorized quantity shall be landed before passing Budge-Budge for deposit in the Moyapore Magazine.

The following explanatory note as to the use of Storm Signals in the port is published for general information, in continuation of Port Rule No. 19:—

STORM SIGNALS.		
	Day.	Night.
This signal means, cyclone probable, look out, send down royal and top-sail yards; reef main, reef fore, reef mizzen, reef gaff, reef boom.	A black double cone,	Three lights in a triangle.
This signal means, cyclone approaching, every out the instructions laid down in Port Rule No. 10.	A black drum.	Four lights in a square.

For the better security of vessels against damage or loss by fire, a steam floating fire-engine has been provided, and is always kept under steam ready to proceed at once to any place where her services may be required. The fire-engine station is at Chundpaul Ghât, where the vessel is moored, and where a look out is kept day and night from the top of the engine-house belonging to the Municipality. In case a fire breaks out on board a vessel, notice should at once be sent to the fire-engine station.

The following Order, received from the Government of India in the Financial Department, is published for general information:—

*Extract from the Proceedings of the Government of India in the Financial Department, No. 3116, dated Simla, the 28th September 1872.*

Read again—

Financial Resolution No. 3600, dated the 16th September 1871, confirming an order of the Government of Bombay, sanctioning the reimbursement to officers and subordinate members of the Revenue Department of that Presidency of all tolls paid by them.

Read again—

Financial Notification No. 3601, dated the 16th September 1871, to the effect that when a public officer is performing a journey for which he draws mileage or travelling allowances, he shall not be permitted to charge the Government for tolls.

Read—

Letter from the Government of Bombay, to the address of the Secretary in the Home Department, No. 2156, dated the 30th May 1872, forwarding papers relative to an objection taken by the local Accountant-General to a sum of Rs. 3, which was disbursed by the Collector of Nasik in November 1871, in re-payment of tolls; and requesting an explanation of the apparent conflict between the two orders Nos. 3600 and 3601 quoted above.

**RESOLUTION**—The Governor-General in Council directs that it be explained that all past proceedings of the Government of Bombay were approved by the order No. 3600, and that by the order No. 3601, which was a general order, the Governor-General in Council intended to forbid the charge for tolls in future by any officer in the receipt of travelling allowance.

This latter order appears to be less wide in its terms than was intended; and to obviate any inconvenience which might arise from a misapprehension of its scope, the Governor-General in Council is now pleased to rule that no officer who receives travelling allowance, whether by distance or time, shall be permitted to charge the Government for tolls.

**ORDER**.—Ordered, that the foregoing Resolution be communicated to the Home Department and to the Accountant-General, Bombay.

The following Order, received from the Government of India in the Financial Department, is published for general information:—

No. 3180.

GOVERNMENT OF INDIA.

FINANCIAL DEPARTMENT.

LEAVE AND ALLOWANCES.

Simla, the 16th October 1872.

READ—

Endorsement of the Foreign Department, No. 524F, dated the 24th July 1872, forwarding, for consideration, an application from the Government of Bombay for sanction to Sir William Merewether, Commissioner in Sind, drawing full pay for the period of his late absence from Sind, viz. from the 19th April to the 20th May 1872.

Read also the following papers on the same subject:—

Endorsement to the Home Department, No. 2595, dated the 4th September 1872.

Office memorandum from the Home Department No. 3750, dated the 23rd September 1872.

**RESOLUTION**.—The application of the Government of Bombay is sanctioned, as Sir William Merewether's absence from Sind was caused by his being summoned to Bombay on duty.

2. The Governor-General in Council is at the same time pleased to rule that no officer is entitled to pay or allowances for any time he may spend beyond the limits of his jurisdiction, save with the sanction of the Government which he serves, and that the confirmation of the Government of India is required to such sanction when it involves any increase of expenditure beyond what would have been incurred if the officer had remained within his jurisdiction.

2. No order passed under this Resolution, authorizing an officer to quit his jurisdiction, justifies him in charging travelling allowance, unless such travelling allowance is specifically sanctioned.

**ORDER**.—Ordered, that the foregoing Resolution be communicated to the Foreign\* Department and to the Accountant-General, Bombay.

Also, that it be communicated to the other Departments, the several Local Governments, and the other Officers of Account.

LEAVE AND ALLOWANCES.

Sindia, the 31st October 1872.

No. 3932.—The Hon'ble the President in Council is pleased to rule that the allowances of an officer are payable to the day of his death, whether he be on leave or on duty when he dies, and whatever be the nature of his leave.

No. 3933.—The Hon'ble the President in Council is pleased to sanction the insertion of the following rule and note between Rules 3 and 4 under Section 16 of the Civil Leave Code:

3a.—An officer serving in Persia or Arabia may leave the country in which he is serving, or return to it by any port or frontier town he likes, provided that the journey to or from it must not exceed thirty days. The certificate showing the date of departure or return must be given by the British Consul if there be one, otherwise by the officer himself.

Note.—This rule applies to military officers in civil employ, and to all officers who are subject to the rules in the Supplements to this Code.

No. 3935.—The Hon'ble the President in Council is pleased to sanction the following additions to the first chapter of the Civil Leave Code:

Note to Section 3.—This section applies to leave asked for or granted under any of the Supplements to this Code.

Section 3A.—Leave may be granted with retrospective effect from the date on which it is admissible.

Note.—This section applies to leave granted under any of the Supplements to this Code.

No. 3935.—The Hon'ble the President in Council is pleased to direct that the following be substituted for the second sentence in Section 1 of Supplement F to the Civil Leave Code:

The rules apply fully only to those whose pay is not less than Rs. 100 a month. But leave may be granted under them to an officer whose pay is less than Rs. 100 so far as it can be done without imposing any cost upon the State. (See Acting Allowance Code, Section 22). No leave in excess of the leave admissible under these rules may be granted to such an officer with allowances, or counting as service for pension.

2. His Honor in Council is pleased also to direct the insertion of the following note under Section 21 of the Acting Allowance Code:

Note.—This section is to be read in connection with Section 20. It applies only to the case of an officer without a substantive appointment.

3. His Honor in Council is pleased at the same time to direct that the following be substituted for Section 20 of the Acting Allowance Code:

The salary of an officer officiating in an appointment of which the pay is less than Rs. 100 a month should, as far as practicable, be regulated by Sections 19 (b) and 20. If an officer officiating in such an appointment has a substantive appointment, his salary must in no case exceed what it would be if Sections 19 (b) and 20 were exactly applied. If he has no substantive appointment, the officer who appoints him may grant him such allowance, not exceeding the pay of the appointment, as he considers necessary, provided always that the absentee allowances of an officer leave whose pay is less than Rs. 100 must not exceed the difference between his pay.

subs of the acting allowances paid in consequence of his absence—(see Civil Leave Code, Supplement F, Section 1).

#### PENSIONS AND GRATUITIES.

*Simla, the 31st October 1872.*

No. 8917.—The Hon'ble the President in Council directs that the following be added as Rule 2 under Section 93 of the Civil Pension Code:

2. If an officer does not, within three months from the date of his re-employment, exercise the option conceded by this rule, of ceasing to draw pension and counting his previous service, he may not thereafter do so without the permission of the Government of India.

No. 8957.—The Hon'ble the President in Council directs that the following be added as Section 8, Supplement A of the Civil Pension Code:

After thirty-five years' service, counting from the date of his arrival in India, no officer shall be appointed to any new office, nor be permitted to retain an office which he has held for a period of five years and upwards, except in special cases, which are to be referred for the decision of the Secretary of State. The term "office" includes officiating appointments.

No. 4007.—The Hon'ble the President in Council directs the addition of the following as case (2) of Section 39—1 of the Civil Pension Code:

**Tomanders and Naib-Tomanders of the Thuggee and Dacoity Department.**

The following Order, issued by the Government of India, in the Military Department, is republished for general information:—

*Simla, the 31st October 1872.*

No. 1181 of 1872.—The following paragraphs of a Military letter from the Right Hon'ble the Secretary of State for India, No. 180, dated the 10th September 1872, are published for general information:

Para. 8. Officers who may be ordered to return to duty for the purpose of proceeding on field service, may, if they can be spared, be allowed to avail themselves of the balance of their furlough without completing a residence of three years in India from date of last return to duty. The period of the voyage to India when ordered out, and the voyage home when taking the balance of furlough, will be considered as service for pension.

#### GOVERNMENT OF INDIA. FINANCIAL DEPARTMENT.

##### ACCOUNTS.

*Simla, the 8th October 1872.*

**REAR AGAIN.**

This Department's order No. 3100, dated the 15th November 1871, directing the Comptroller-General to request each local Accountant-General to instruct Heads of Departments or Offices in his Presidency or Province countersigning contingent bills, to discontinue from January 1872 the transmission to him of sub-vouchers for contingent charges not exceeding Rs. 100 each in amount, and to inform them that what was necessary to such charges was, that each countersigning authority should certify at foot of the contingent bill that he had personally ascertained that the

sub-vouchers were duly signed and in order, and that they were so cancelled that they could not again be used.

**RESOLUTION.**—Circumstances have occurred which show that the certificate prescribed by these orders is insufficient.

2. His Excellency the Governor-General in Council therefore directs the substitution of the following certificate:

"I hereby certify that every charge made in this bill has been actually paid, and that for each item a receipt (duly stamped, if a stamp was necessary,) has been given to me, and is now in my possession. The receipts for items in excess of Rs. 100 are attached to this bill. I have personally ascertained that the receipts for all other items are in proper form and order, and that they have been so cancelled that they cannot again be used to support claims against the Government."

3. An Accountant-General has full power to call for any receipts for sums less than Rs. 100, whenever he thinks fit, and he *should* occasionally require the submission of such receipts for items selected at random.

4. Officers who submit monthly contingent bills, and who have not a permanent advance, will be allowed one, on application through the proper Accountant-General, to enable them to comply implicitly with this order.

5. If any expense be incurred exceeding the amount of permanent advance, a special advance may be taken from the Treasury for payment of the expense, preparatory to its inclusion in the next contingent bill, from the amount of which bill any such advance must be adjusted.

**ORDER.**—Ordered that the foregoing Resolution be communicated to the several Departments and Local Governments, to the Comptroller-General, and to the several Accountants-General and Deputy Accountants-General in independent charge.

1. By the Government notification of the 1st July 1856, the Port of Calcutta, and the navigable rivers and channels leading to that port, were declared subject to Act No. XXII of 1855.

2. Under the powers contained in Section 95 of Act V of 1870, Powers of Conservator tested in Commissioner, the Lieutenant-Governor of Bengal, by the following notification published in the *Calcutta Gazette* of the 5th April 1871, conferred upon the Commissioners who had been appointed under the Act the powers of Conservator of the Port of Calcutta, as laid down in Act XXII of 1855, within the limits of the port, as defined in the notification of the 1st April 1871, which is here republished for information:—

"NOTIFICATION.

"The 1st April 1871.

"With the sanction of the Governor-General of India in Council, and with the consent of the Commissioners for making Improvements in the Port of Calcutta at a meeting, the Lieutenant-Governor is pleased, under the provisions of Section 95, Act V (B.C.) of 1870, to confer from this date on the said Commissioners the powers of the Conservator of the Port of Calcutta within the following limits:—

"Northern limits, from the boundary pillar at the Cossipore Gun Foundry Ghât, and a point on the opposite side of the river at Gossery.

"The southern limits, from a point called Pachpara point on the west, and a creek called Nardakhal on the east.

"So much of Tolly's Nullah as lies to the west of a line drawn across the nullah between the two boundary pillars 300 yards within Hastings Bridge.

"The limits of the said port include to the east and west so much of the river Hooghly and the shores thereof, and so much of Tolly's Nullah and the shores thereto, as are within fifty yards of high-water mark spring tides.

"Under the provisions of Section 96 of the Act, the Commissioners for making Improvements in the Port of Calcutta are hereby authorized, instead of the Collector of Customs at Calcutta, as heretofore, under Section 45, Act XXII of 1855, to receive the fees payable under the rules passed in accordance with Section 7, Clause 10, Act XXII of 1855, and under Section 6, Act XXX of 1857, in respect of vessels entering or leaving the said port, or being or lying therein or using the said port. The Commissioners will be liable, in

respect of the value of the capital of the port made over to them, to an annual charge for the interest thereon, which is at present fixed at the sum of Rs. 82,125, subject to future modification and adjustment.

"RIVERS THOMPSON,  
"Off. Secretary to the Govt. of Bengal."

The following explanatory note as to the use of Storm Signals in the port is published for general information, in continuation of Port Rule No. 19:—

STORM SIGNALS.	
Day.	Night.
This signal means, cyclone probable, look out, send down royal and top-gallant yards, have mast ropes, furl awning, take.	A black double three lights in a cone.
This signal means, cyclone approaching, carry out the instructions laid down in Port Rule No. 19.	A black drum. Four lights in a square.

For the better security of vessels against damage or loss by fire, a steam floating fire-engine has been provided, and is always kept under steam ready to proceed at once to any place where her services may be required. The fire-engine station is at Chandpaul Ghât, where the vessel is moored, and where a look out is kept day and night from the top of the engine-house belonging to the Municipality. In case a fire breaks out on board a vessel, notice should at once be sent to the fire-engine station.

Financial Notification No. 3601, dated the 16th September 1871, to the effect that when a public officer is performing a journey for which he draws mileage or travelling allowances, he shall not be permitted to charge the Government for tolls.

Read.—

Letter from the Government of Bombay, to the address of the Secretary in the Home Department, No. 2156, dated the 30th May 1872, forwarding papers relative to an objection taken by the local Accountant-General to a sum of Rs. 3, which was disbursed by the Collector of Narsik in November 1871, in re-payment of tolls; and requiring an explanation of the apparent conflict between the two orders Nos. 3600 and 3601 quoted above.

**Resolution.**—The Governor-General in Council directs, that it be explained that all past proceedings of the Government of Bombay were approved by the order No. 3600, and that by the order No. 3601, which was a general order, the Governor-General in Council intended to forbid the charge for tolls in future by any officer in the receipt of travelling allowances.

This latter order appears to be less wide in its terms than was intended; and to obviate any inconvenience which might arise from a misapprehension of its scope, the Governor-General in Council is now pleased to rule that no officer who receives travelling allowance, whether by distance or time, shall be permitted to charge the Government for tolls.

**Order.**—Ordered, that the foregoing Resolution be communicated to the Home Department and to the Accountant-General, Bombay.

Endorsement to the Home Department, No. 2695, dated the 4th September 1872.

Office memorandum from the Home Department No. 3750, dated the 23rd September 1872.

**Resolution.**—The application of the Government of Bombay is sanctioned, as Sir William Merewether's absence from Sindh was caused by his being summoned to Bombay on duty.

2. The Governor-General in Council is at the same time pleased to rule that no officer is entitled to pay or allowances for any time he may spend beyond the limits of his jurisdiction, save with the sanction of the Government which he serves, and that the confirmation of the Government of India is required to such sanction when it involves any increase of expenditure beyond what would have been incurred if the officer had remained within his jurisdiction.

2. No order passed under this Resolution, authorizing an officer to quit his jurisdiction, justifies him in charging travelling allowance, unless such travelling allowance is specifically sanctioned.

**Order.**—Ordered, that the foregoing Resolution be communicated to the Foreign\* Department and to the Accountant-General, Bombay.

Also, that it be communicated to the other Departments, the several Local Governments, and the other Officers of Account.

The following Notification by the Government of India is republished for general information :—

GOVERNMENT OF INDIA.

MARINE DEPARTMENT.

*Fort William, the 18th October 1872.*

## NOTIFICATION.

*Simsa, the 9th September 1872.*

No. 10 of 1872.—The following Quarantine Rules, submitted by the Government of Fort St. George, having been approved by the Right Hon'ble the Governor-General of India in Council, are published under the provisions of Section 2, Act I of 1870 :—

*Rules relating to quarantine for the ports mentioned in Schedule A hereto annexed.*

The following rules, made by His Excellency the Governor of Madras in Council, with the sanction of the Governor-General in Council, in pursuance of the provisions contained in Act I of 1870, are hereby promulgated for general information :

I.—The master or other person in charge of any vessel about to enter any of the ports mentioned in Schedule A, annexed hereto, in which any case or cases of cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, may have occurred within a period of ten days previous to the date of the arrival of such ship or vessel at any of the ports aforesaid, shall notify this fact by hoisting a signal, which signal shall be in the day time a yellow flag at the fore and in the night time two lighted lanterns, one over the other, at the same mast-head; and such master, or other person as aforesaid, shall not take up anchoring ground within the said port without having obtained the previous sanction of the Master Attendant, or other officer in charge of the port, nor without such leave shall he hold any communication with the shore or with any shipping within the said port.

II.—Whenever the master or other person in charge of any vessel about to enter any of the ports aforesaid is unable to produce a clean bill of health obtained from the proper authority at the port last visited, he shall notify this fact to the Master Attendant or other officer in charge of the port, by hoisting a signal as aforesaid, and thereupon the Master Attendant or other officer in charge of the port may, on the report of the Port Surgeon or other officer appointed by the Government in that behalf, suggesting or warranting the adoption of such a measure, refuse to permit the master or other person as aforesaid to anchor his vessel within the ordinary limits of the said port, and may forbid all communication between the vessel and the shore until a quarantine of observation, not exceeding twenty-four hours from the receipt of the report of

the Port Surgeon or other officer appointed by Government in that behalf shall have been enforced.

III.—It shall be the duty of the Port Surgeon or other officer appointed by Government in that behalf to proceed without delay on board any vessel about to enter any of the ports aforesaid in which any case or cases of cholera, yellow fever, Asiatic plague, small-pox or other disease dangerous to the general health, shall have occurred within ten days previous to the date of the arrival of such vessel as aforesaid or whenever the master or other person in charge of any vessel is unable to produce a clean bill of health from the port last visited, and such Surgeon or other officer as aforesaid shall inspect the crew and passengers of every vessel as aforesaid, and make careful inquiry as to the nature of the diseases then existing on board every such vessel, and make a report thereon to the Master Attendant or other officer in charge of the said port.

IV.—Upon the receipt of the report of the Port Surgeon or other officer appointed by Government in that behalf, the Master Attendant or other officer in charge of the port shall determine whether any passengers or merchandise may be landed, or whether the master or other person in charge of such vessel shall be required to proceed to a quarantine anchorage, or to put out to sea, or to anchor beyond the limits of the port in such place as may be appointed for that purpose by the Master Attendant or other officer in charge of the port, or to undergo a quarantine of observation.

V.—Whenever cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, shall be actually prevailing amongst any of the crew or passengers of any vessel as aforesaid, and none of those diseases shall exist at the time in the neighbourhood of the port which the said vessel is about to enter or has entered, it shall be the duty of the Port Surgeon or other officer appointed by Government in that behalf to report this state of the facts to the Master Attendant or other officer in charge of the port. Thereupon the Master Attendant or other officer in charge of the port shall require the master or other person in charge of such vessel as aforesaid to take the said vessel out to sea for a period of ten days, or to anchor at any place to be appointed for that purpose for a period of ten days.

VI.—All persons on board vessels in quarantine are hereby prohibited from communicating with the shore beyond the limits of any place which may be set apart for performing quarantine on shore, or with any vessel in the neighbourhood or vicinity of the port, without the permission of

authorized by the Government of Madras in that behalf shall have been previously obtained, and all persons are hereby prohibited from going on board any vessel in quarantine, unless the permission of an officer duly authorized by the said Government in that behalf shall have been previously obtained.

**VII.**—It shall be lawful for every officer, duly authorized by the Government of Madras in that behalf, to appoint a sufficient number of subordinates for the purpose of enforcing these rules at the expense of the owners of such vessels, and the master or other person in charge of such vessels shall pay the subordinates so appointed, and defray all expenses incurred in pursuance of this rule. It shall be the duty of the officer in charge of the Custom House to refuse port clearance to such vessels until all such demands be discharged.

**VIII.**—It shall be lawful for every officer, duly appointed as aforesaid, with the sanction of Government, to appoint as many places for performing quarantine on shore as may be required, and to provide accommodation at such places for passengers on board any vessel to which these rules are applicable, at certain fixed fees, to be determined from time to time by the Government, which fees shall be payable by the master or other person in charge of such vessel. No persons shall be permitted to leave the places so appointed within ten days from the date of the last case of the disease for which quarantine was enforced, unless with the previous sanction of the said officer duly authorized as aforesaid.

**IX.**—Disobedience to any of the above Rules Nos. I, II, III, IV, V, VI and VIII will subject the offender, and all persons aiding or abetting him to a prosecution under Section 271 of the Indian Penal Code.

On or about Thursday, 4th Dec.	2,125	1,375	3,500
Total	25,500	16,500	42,000

The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale:

1. The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12th of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Member in charge, be resumed on the next day following (not being Sunday or a public holiday) at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Member in charge may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated

according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all

such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 6 o'clock in the afternoon of the fifth day after the sale; or on the other hand, failing such redemption by the time aforesaid, then the lot or

lots for which no Bank of Bengal receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Member in charge shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal receipts, or public securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8. The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the fifth Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Member in charge shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized Agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken, under the fifth of these Conditions.

12. With a view to prevent sotilious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset

Deposit.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

price, diminishing the same gradually until a bid is obtained, and the first *bond side* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the Opium advertized for sale; No. 2, report of the examination of such Opium.

16. The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1871-72, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta may be seen on personal application at the Office of the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Member in charge entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1873, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make

requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 42,000 chests of

	Chests.
Behar	25,600
Benares	16,500
Total	42,000

estimated will be brought to sale in the usual manner;

and if they shall make application for a quantity of

Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

*Article of the Convention above referred to.*

*Article VI.*—“With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the Government Gazette.”

##### NOTIFICATION.

Calcutta, the 18th November 1872.

No. 11.—The following Statute applies to British India, and is hereby published for general information:—

35 & 36 VICTORIA, CAP. 73.

An Act to amend the Merchant Shipping Acts and the Passenger Acts.

[10th August 1872.]

Whereas it is expedient to amend the Merchant Shipping Acts and the Passengers Acts;

Be it enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled; and by the authority of the same, as follows:

##### Preliminary.

1. This Act may be cited as the Merchant Shipping Act, 1872.

2. This Act shall come into operation on the first day of January one thousand eight hundred and

##### Measurement of Ships.

3. The twenty-third, twenty-seventh, twenty-eighth, and twenty-ninth sections of the Merchant Trade of India of Commissioners of Customs Shipping Act, 1854, the with respect to measurement of ships.

Merchant Shipping Act Amendment Act, 1855, and the fourth section of the Merchant Shipping Act, 1871, shall be read and construed as if the Board of Trade were therein named instead of the Commissioners of Customs.

##### Registry.

4. The forty-sixth, fifty-fourth, ninety-second and ninety-fourth sections Transfer to Registrar-General of Seamen of the Merchant Shipping Act, 1854, shall be read and construed as if the Registrar-

General of Seamen were therein named instead of the Commissioners of Customs, and the returns required to be transmitted by the said ninety-fourth section of the Merchant Shipping Act, 1854, shall be transmitted to the Registrar-General of Seamen, and not to the Custom House in London, and the Registrar-General of Seamen shall be called the Registrar-General of Shipping and Seamen.

*Passenger Ships.*

**5.** The sixth and seventh sections of the Passengers Act, 1855, except so much of the latter section as provides for the immunity of emigration officers, shall be repealed, and all powers and duties vested in, or imposed on, the Emigration Commissioners by the Passengers Act, 1855, and the Passengers Act Amendment Act, 1863, shall be transferred to, and imposed on, the Board of Trade.

In the construction and for the purposes of the said Acts, the name of the Board of Trade shall be deemed to be substituted for the name of the Emigration Commissioners, and anything which might, if this Act had not passed, have been done by the Emigration Commissioners, whether acting independently or under the sanction or authority of one of Her Majesty's Principal Secretaries of State, may be done by the Board of Trade independently of such sanction or authority.

**6.** The provisions contained in the eighty-third section of the Passengers Act, 1855, shall extend to any forms of application or other papers issued by,

or under the authority of, one of Her Majesty's Principal Secretaries of State, for the use of persons desirous of emigrating by his assistance, and to any certificate, document, or statement adduced in support of any application to such Secretary for such assistance.

**7.** The powers conferred by the thirteenth section of the Passengers Act Amendment Act, 1863, on one of Her Majesty's Principal Secretaries of State, shall be transferred to the Board of Trade.

*Annual Survey of Passenger Steamers.*

**8.** The three hundred and fourth section of the Merchant Shipping Act, 1851, shall be repealed, and passenger steamer to be surveyed once in every year, according to 37 & 38 Vict., c. 103, shall be surveyed once at the least in every year in the manner mentioned in the fourth part of that Act. The fees to be charged for certificates issued in respect of such survey shall not exceed for a yearly certificate twice the sum named in the table marked T in the schedule to the said Act as chargeable for a six months certificate.

*Pilotage.*

**9.** Notwithstanding anything in the three hundred and fifty-eighth section of the Merchant Shipping Act, 1854, the Trinity House may modify rule as to pilotage rates.

House may, by bye-law made with the sanction of Her Majesty in Council, repeal or relax the provisions of that section within the whole or any part of their district so far as to allow any pilot or class of pilots under their jurisdiction to demand or receive, and any master to offer or pay, any rate less than the rate for the time being demandable by law.

**10.** Whereas in pursuance of the Pilotage Law Amendment Act, 1853, the several funds then belonging to the Cinque Port Pilots were merged into the common fund called the Trinity House Pilotage Fund, and by the same Act power was given to the Trinity House of Deptford Strand, with the

approval of the Board of Trade, from time to time to make regulations for altering and determining the payments and contributions to be made to the said Pilotage Fund by Cinque Ports pilots licensed before the said Act came into operation: And whereas by one of the regulations made under the authority of the said Act it was provided that each of the said Cinque Ports pilots should pay towards the said fund eleven shillings for each turn: And whereas it has proved that the turns have been more numerous than was expected, and that the sums paid to the Trinity House and carried to the credit of the said fund in respect of the said turns have been larger than was assumed in making the calculations upon which the said regulation was based: And whereas it is expedient that in lieu of the said sum of eleven shillings per turn the fixed annual sum of thirteen pounds four shillings should for the future be paid by, or in respect of, each of the said pilots so long as he remains unsuperannuated, and that the excess of the sum heretofore paid in each year by each pilot over the sum of thirteen pounds four shillings should be returned: And whereas doubts have been entertained whether the purposes aforesaid can be effected without the authority of Parliament: Be it enacted that the Trinity House of Deptford Strand shall, out of the Trinity House Pilotage Fund, repay to each of the Cinque Ports pilots licensed before the Pilotage Law Amendment Act, 1853, came into operation, or if he be deceased, to his executors or administrators, the aggregate sum by which the sum of eleven shillings per turn heretofore paid by him exceeds the sum which he would have paid if he had paid thirteen pounds four shillings per annum: and that each of the said pilots shall, while he continues to act as a pilot, pay to the said Trinity House the sum of eleven shillings per turn as heretofore, from the first day of January in each year, until the sum contributed in the same year amount to an aggregate sum equal to the product of thirteen pounds four shillings multiplied by the number of pilots licensed as above who are then surviving and unsuperannuated, and that when such aggregate sum is made up no further contributions shall be required from the said pilots until after the thirty-first day of December in the same year; and if the said contributions during any one year fall short of the said aggregate sum, the said pilots then surviving and unsuperannuated shall, at such time and in such manner as the Trinity House may direct, make good such deficiency by payment of an additional contribution per man, to be calculated *pro rata* upon the number of turns which each may have carried during the said year, and any such pilot failing to pay such additional contribution shall, in default of such payment, become liable to immediate removal from active service and superannuation upon such proportion of the full pension payable to such pilot as the Trinity House may see fit.

**11.** Any pilotage authority may, if authorized by the Council, grant special licences qualifying the persons to whom they are granted to act as pilots for any part of the sea or channels beyond the limits of any pilotage authority, so however, that no pilot so licensed be entitled to supersede an unlicensed pilot outside the limits of the authority by which he is licensed.

*Chain Cables.*

**18. In the event of a license for the testing of chain cables and anchors being granted to the Trinity House under the Chain Cable and Anchor Act, 1871, all fees and other sums received by the Trinity House**

Fees and expenses in relation to testing of chain cables and anchors by Trinity House to be paid to, and charged on, mercantile marine fund.  
in respect of such testing shall be carried to the mercantile marine fund, and all expenses incurred by the Trinity House in respect of such testing shall be chargeable on the mercantile marine fund.

*General.*

**18. All duties in relation to the survey and measurement of ships under this Act or the Acts amended hereby shall be performed by the surveyors appointed under the fourth part of the Merchant Shipping Act, 1854, in accordance with such regulations as may be from time to time made by the Board of Trade.**

Fees and salaries of surveyors and emigration officers.  
All fees payable in respect of the survey or measurement of ships under this Act or the Acts amended hereby, or in respect of any services performed by any person employed under the authority of the Passengers Act, 1855, shall be paid to the Superintendent of a mercantile marine office at such times and in such manner as the Board of Trade may from time to time direct, and shall be carried to the mercantile marine fund; and the salaries of surveyors, and other expenses connected with the survey and measurement of ships under this Act or the Acts amended hereby, and also so much of the salaries and expenses of persons employed under the authority of the Passengers Act, 1855, as has heretofore been paid by fees, shall be paid out of the mercantile marine fund.

**15. If any surveyor, or any person employed under the authority of the Passengers Act, 1855, demands or receives directly or indirectly, otherwise than by the direction of the Board of Trade, any fee, remuneration, or gratuity whatever in respect of any of the duties performed by him under this Act or the Acts amended hereby, he shall for every such offence incur a penalty not exceeding fifty pounds.**

Owner or agent of home trade ships may enter into time agreements which need not expire half-yearly.  
The owner or agent of home trade ships or his agent may enter into time agreements, in forms to be sanctioned by the Board of Trade, with individual seamen to serve in any one or more ships belonging to him, which agreements need not expire on either the thirtieth day of June or the thirty-first day of December, any thing in the Merchant Shipping Act to the contrary notwithstanding: Provided always that a duplicate of each agreement entered into under the provisions of the section be forwarded to the Registrar-General of Shipping within forty-eight hours after it has been entered into.

Her Majesty may accept offers of persons recommended by the Admiralty to serve as officers of the Royal Naval Reserve.  
It shall be lawful for Her Majesty to accept from time to time the offers of any person whom the Lord High Admiral or the Commissioners for executing his office may recommend to serve as officers of reserve in the Royal

Navy upon such terms and conditions as to Her Majesty may from time to time seem fit, and the "Officers of the Royal Naval Reserve Act, 1863," shall be read and construed as if this clause formed part of the said Act.

GOVERNMENT OF INDIA.

MARINE DEPARTMENT.

*Fort William, the 18th October 1872.*

## NOTIFICATION.

*Singla, the 9th September 1872.*

No. 10 of 1872.—The following Quarantine Rules, submitted by the Government of Fort St. George, having been approved by the Right Hon'ble the Governor-General of India in Council, are published under the provisions of Section 2, Act I of 1870:—

*Rules relating to quarantine for the ports mentioned in Schedule A hereto annexed.*

The following rules, made by His Excellency the Governor of Madras in Council, with the sanction of the Governor-General in Council, in pursuance of the provisions contained in Act I of 1870, are hereby promulgated for general information:

I.—The master or other person in charge of any vessel about to enter any of the ports mentioned in Schedule A, annexed hereto, in which any case or cases of cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, may have occurred within a period of ten days previous to the date of the arrival of such ship or vessel at any of the ports aforesaid, shall notify this fact by hoisting a signal, which signal shall be in the day time a yellow flag at the fore and in the night time two lighted lanterns, one over the other, at the same mast-head; and such master, or other person as aforesaid, shall not take up anchoring ground within the said port without having obtained the previous sanction of the Master Attendant, or other officer in charge of the port, nor without such leave shall he hold any communication with the shore or with any shipping within the said port.

II.—Whenever the master or other person in charge of any vessel about to enter any of the ports aforesaid is unable to produce a clean bill of health obtained from the proper authority at the port last visited, he shall notify this fact to the Master Attendant or other officer in charge of the port, by hoisting a signal as aforesaid, and thereupon the Master Attendant or other officer in charge of the port may, on the report of the Port Surgeon or other officer appointed by the Government in that behalf, suggesting or warranting the adoption of such a measure, refuse to permit the master or other person as aforesaid to anchor his vessel within the ordinary limits of the said port, and may forbid all communication between the vessel and the shore until a quarantine of observation, not exceeding twenty-four hours from the receipt of the report of

the Port Surgeon or other officer appointed by Government in that behalf, shall have been enforced.

III.—It shall be the duty of the Port Surgeon or other officer appointed by Government in that behalf to proceed without delay on board any vessel about to enter any of the ports aforesaid in which any case or cases of cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, shall have occurred within ten days previous to the date of the arrival of such vessel as aforesaid, or whenever the master or other person in charge of any vessel is unable to produce a clean bill of health from the port last visited, and such Surgeon or other officer as aforesaid shall inspect the crew and passengers of every vessel as aforesaid, and make careful inquiry as to the nature of the diseases then existing on board every such vessel, and make a report thereon to the Master Attendant or other officer in charge of the said port.

IV.—Upon the receipt of the report of the Port Surgeon or other officer appointed by Government in that behalf, the Master Attendant or other officer in charge of the port shall determine whether any passengers or merchandise may be landed, or whether the master or other person in charge of such vessel shall be required to proceed to a quarantine anchorage, or to put out to sea, or to anchor beyond the limits of the port in such place as may be appointed for that purpose by the Master Attendant or other officer in charge of the port, or to undergo a quarantine of observation.

V.—Whenever cholera, yellow fever, Asiatic plague, small-pox, or other disease dangerous to the general health, shall be actually prevailing amongst any of the crew or passengers of any vessel as aforesaid, and none of those diseases shall exist at the time in the neighbourhood of the port which the said vessel is about to enter or has entered, it shall be the duty of the Port Surgeon or other officer appointed by Government in that behalf to report this state of the facts to the Master Attendant or other officer in charge of the port. Thereupon the Master Attendant or other officer in charge of the port shall require the master or other person in charge of such vessel as aforesaid to take the said vessel out to sea for a period of ten days, or to anchor at any place to be appointed for that purpose for a period of ten days.

VI.—All persons on board vessels in quarantine are hereby prohibited from communicating with the shore beyond the limits of any place which may be set apart for performing quarantine on shore, or with any vessel in the roadstead or vicinity of the roadstead, unless the permission of an officer duly

authorized by the Government of Madras in that behalf shall have been previously obtained, and all persons are hereby prohibited from going on board any vessel in quarantine, unless the permission of an officer duly authorized by the said Government in that behalf shall have been previously obtained.

**VII.**—It shall be lawful for every officer, duly authorized by the Government of Madras in that behalf, to appoint a sufficient number of subordinates for the purpose of enforcing these rules at the expense of the owners of such vessels, and the master or other person in charge of such vessels shall pay the subordinates so appointed, and defray all expenses incurred in pursuance of this rule. It shall be the duty of the officer in charge of the Custom House to refuse port clearance to such vessels until all such demands be discharged.

**VIII.**—It shall be lawful for every officer, duly appointed as aforesaid, with the sanction of Government, to appoint as many places for performing quarantine on shore as may be required, and to provide accommodation at such places for passengers on board any vessel to which these rules are applicable, at certain fixed fees, to be determined from time to time by the Government, which fees shall be payable by the master or other person in charge of such vessel. No persons shall be permitted to leave the places so appointed within ten days from the date of the last case of the disease for which quarantine was enforced, unless with the previous sanction of the said officer duly authorized as aforesaid.

**IX.**—Disobedience to any of the above Rules Nos. I, II, III, IV, V, VI and VIII will subject the offender, and all persons aiding or abetting him to a prosecution under Section 271 of the Indian Penal Code.

The following Order, received from the Government of India in the Financial Department, is published for general information:—

No. 3252.

GOVERNMENT OF INDIA.

FINANCIAL DEPARTMENT.

ACCOUNTS.

Sudder, the 8th October 1872.

READ again.—

This Department's order No. 3100, dated the 15th November 1871, directing the Comptroller General to request each local Accountant-General to instruct Heads of Departments or Offices in his Presidency or Province countersigning contingent bills, to discontinue from January 1871 the transmission to him of sub-vouchers for contingent charges not exceeding Rs. 100 each in amount, and to inform them that what was necessary for such charges was, that each countersigning authority should certify at foot of the contingent bill that he had personally ascertained that the sub-vouchers were duly signed and in order, and that they were so cancelled that they could not again be used.

**RESOLUTION.**—Circumstances have occurred which show that the certificate prescribed by these orders is insufficient.

2. His Excellency the Governor-General in Council therefore directs the substitution of the following certificate:

"I hereby certify that every charge made in this bill has been actually paid, and that for each item a receipt (duly stamped, if a stamp was necessary) has been given to me, and is now in my possession. The receipts for items in excess of Rs. 100 are attached to this bill. I have personally ascertained that the receipts for all other items are in proper form and order, and that they have been so cancelled that they cannot again be used to support claims against the Government."

3. An Accountant-General has full power to call for any receipts for sums less than Rs. 100 whenever he thinks fit, and he *should* occasionally require the submission of such receipts for items selected at random.

4. Officers who submit monthly contingent bills, and who have not a permanent advance, will be allowed one, on application through the proper Accountant-General, to enable them to comply implicitly with this order.

5. If any expense be incurred exceeding the amount of permanent advance, a special advance may be taken from the treasury for payment of the expense, preparatory to its inclusion in the next contingent bill, from the amount of which bill any such advance must be adjusted.

**ORDER.**—Ordered that the foregoing Resolution be communicated to the several Departments and Local Governments, to the Comptroller-General, and to the several Accountants-General and Deputy Accountants-General in independent charge.

The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale:—

1. The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12th of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertized for sale shall remain unsold, the sale may, at the discretion of the Member in charge, be resumed on the next day following (not being Sunday or a public holiday) at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertized shall not be sold on the day appointed, the Member in charge may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all

such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale; or on the other hand, failing such redemption by the time aforesaid, then the lot or

lots for which no Bank of Bengal receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Member in charge shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal receipts, or public securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8. The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the fifth Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Member in charge shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized Agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset

price, diminishing the same gradually until a bid is obtained, and the first *bord side* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the Opium advertized for sale; No. 2, report of the examination of such Opium.

16. The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1871-72, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forging the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Member in charge entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1873, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make

requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 42,000 chests of

Behar ...	Chests.	25,600	Behar and Benares, as above
Benares ...	Chests.	16,500	estimated will be brought
Total ...	Chests.	42,100	to sale in the usual manner;

Total ... Chests. 42,100 and if they shall make application for a quantity of

Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

*Article of the Convention above referred to.*

*Article VI.*—“With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the Government Gazette.”

## GOVERNMENT OF INDIA.

## FINANCIAL DEPARTMENT.

## ACCOUNTS.

Simla, the 8th October 1872.

## READ again.—

This Department's order No. 3100, dated the 15th November 1871, directing the Comptroller-General to request each local Accountant-General to instruct Heads of Departments or Offices in his Presidency or Province countersigning contingent bills, to discontinue from January 1871 the transmission to him of sub-vouchers for contingent charges not exceeding Rs. 100 each in amount, and to inform them that what was necessary for such charges was, that each countersigning authority should certify at foot of the contingent bill that he had personally ascertained that the sub-vouchers were duly signed and in order, and that they were so cancelled that they could not again be used.

**RESOLUTION.**—Circumstances have occurred which show that the certificate prescribed by these orders is insufficient.

2. His Excellency the Governor-General in Council therefore directs the substitution of the following certificate :

"I hereby certify that every charge made in this bill has been actually paid, and that for each item a receipt (duly stamped, if a stamp was necessary,) has been given to me, and is now in my possession. The receipts for items in excess of Rs. 100 are attached to this bill. I have personally ascertained that the receipts for all other items are in proper form and order, and that they have been so cancelled that they cannot again be used to support claims against the Government."

3. An Accountant-General has full power to call for any receipts for sums less than Rs. 100 whenever he thinks fit, and he should occasionally require the submission of such receipts for items selected at random.

4. Officers who submit monthly contingent bills, and who have not a permanent advance, will be allowed one on application through the proper Accountant-General, to enable them to comply implicitly with this order.

5. If any expense be incurred exceeding the amount of permanent advance, a special advance may be taken from the treasury for payment of the expense, preparatory to its inclusion in the next contingent bill, from the amount of which will any such advance must be adjusted.

**Order.**—Ordered that the foregoing Resolution be communicated to the several Departments and Local Governments, to the Comptroller-General, and to the several Accountants-General and Deputy Accountants-General in their respective charge.

The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale:—

1. The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12th of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Member in charge, be resumed on the next day following (not being Sunday or a public holiday) at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Member in charge may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all

**Deposit.**  
When the amount bid is less than Rs. 1,000 per chest, Rs. 200 per chest. On bids of Rs. 1,000 and upwards, but less than Rs. 1,500 per chest, Rs. 300 per chest. On bids of Rs. 1,500 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest. And so on, Rs. 100 being added to the deposit for every bid additional to the amount of Rs. 400.

such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale; or on the other hand, failing such redemption by the time aforesaid, then the lot or

lots for which no Bank of Bengal receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Member in charge shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal receipts, or public securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8. The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the fifth Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Member in charge shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized Agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset

price, diminishing the same gradually until a bid is obtained, and the first *bard side* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the Opium advertized for sale; No. 2, report of the examination of such Opium.

16. The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1871-72, the same precautions have been taken as those which have been observed during past years, to have the drug prepared and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Member in charge entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1873, there shall be delivered to them, at the average of the particular sale or sales to which the Opium applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make

requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 42,000 chests

Chests.	Behar and Benares, as above
Behar ...	25,500
Benares ...	16,500
Total ...	42,000

estimated will be brought to sale in the usual manner;

and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

*Article of the Convention above referred to.*

*Article IV.*—“With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*. ”

Total	25,500	16,500	42,000

The Member in charge of the Opium Department, however, reserves to himself the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale:—

1. The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12th of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Member in charge, be resumed on the next day following (not being Sunday or a public holiday) at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Member in charge may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all

**Deposit.**  
When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.  
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.  
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.  
And so on, Rs. 100 being added to the deposit for every bid additional to the amount of Rs. 400.

such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale; or on the other hand, failing such payment by the time aforesaid, then the lot or

lots for which no Bank of Bengal receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Member in charge shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of money, Bank of Bengal receipts, or public securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8. The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the fifth Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Member in charge shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10. No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized Agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset

price, diminishing the same gradually until a bid is obtained, and the first *bona fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the Opium advertized for sale; No. 2, report of the examination of such Opium.

16. The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1871-72, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Member in charge entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1872, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make

requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 42,000 chests of

Behar ...	Chests. 25,000	Behar and Benares, as above
Benares ...	16,000	estimated will be brought
		to sale in the usual manner;
		Total ... 42,000 and if they shall make ap-

plication for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

*Article of the Convention above referred to.*

*Article VI.*—“With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the Government Gazette.”
